</MAYWEATHER GROUP>

Preserve Life Campaign

Protect every classroom and every congregation throughout the state of Florida.

Who Are We?

Mayweather Group, LLC is a **Service-Disabled Veteran-Owned** Small Business founded by former U.S. Special Operations personnel.

Our team has led and conducted hundreds of covert facility breaches against Fortune 100 companies and critical infrastructure targets in an effort to improve security and reduce the risk of physical harm. We have trained countless consultants and U.S. Special Operators in surreptitious entry tactics. We design, manufacture, and sell high-end physical entry tools that are used around the globe.

We are Physical Security Experts.

Why Are We Invested?

The cost of real security has become unacceptably high.

Most consulting firms prioritize profit over protection, and cybersecurity service providers rarely understand how to secure a physical space. The industry obsesses over ransomware while ignoring the far greater threat: a gunman walking through an unsecured entrance, climbing onto a roof, or opening fire through a window.

At Mayweather Group, we refuse to accept that. The **Preserve Life Campaign** brings highly trained operators, not auditors, to the ground where lives are on the line. Our mission is simple: **find the gaps before someone dies because of them.**

Who Can Benefit?

PRIORITY GROUP

K-12 Schools
Higher Education
Faith-based Organizations
High-Risk Small Businesses

EXAMPLES

Public and private institutions
Colleges, universities, and trade schools
Places of worship across Florida
Clinics, and nonprofit organizations

How Can You Help?

Every paid engagement through **December 31, 2025** funds free building security assessments for Florida schools, places of worship, and high-risk small businesses. The assessment pricing covers all travel costs for **your engagement and the sponsored free assessments**. Additionally, your **logo will appear** in the assessment reports for the organizations you support.

*All testing is performed by Mayweather Group and our network of U.S. Special Operations Veterans that have been certified through the **Practical Physical Exploitation (PPE)** program.*
